

TABLE IV-1. Logical Form of and Answers to Items in "The Cornell Conditional Reasoning Test, Form X"

Item Group	Principle(s)	Basic Form, which was used for the first two concrete familiar items (CF1 and CF2), the symbolic item (SY) and the suggestive item (SU)	Answer for Basic Form	Form of CF3	Answer to CF3	Form of CF4 (Same answer as basic form)	Item Numbers					
							CF1*	CF2	CF3	CF4	SY*	SU*
IV-4	1	If p, then q p : q	Yes	If p, then q p : not q	No	not p If not p, then q : q	7	40	27	14	19	31
	2	If p, then q not p : not q	Maybe	Same as basic form	Maybe	p If not p, then q : not q	9	13	26	18	34	23
	3	If p, then q q : p	Maybe	Same as basic form	Maybe	q If not p, then q : not p	11	24	32	37	30	41
	4	If p, then q not q : p	No	If p, then q not q : not p	Yes	not q If not p, then q : not p	8	35	29	16	22	39
	5	If p, then q If q, then r : if p, then r	Yes	Same as basic form	Yes	If q, then r If not p, then q : if not p, then r	45	55	66	52	49	73
	6	If p, then q : if not q, then not p	Yes	Same as basic form	Yes	If not p, then q : if not q, then p	46	69	74	56	61	50
	7	If p, then q : if q, then p	Maybe	Same as basic form	Maybe	If not p, then q If q, then not p	44	57	77	70	59	64
	8	p only if q not q : p	No	p only if q not q : not p	Yes	not q not p only if q : not p	12	21	42	25	15	36
	9	p only if q p : q	Yes	p only if q p : not q	No	not p not p only if q : q	10	17	20	33	38	28

TABLE IV-1 cont.

Item Group	Principle(s)	Basic Form, which was used for the first two concrete familiar items (CF1 and CF2), the symbolic item (SY) and the suggestive item (SU)	Answer for Basic Form	Form of CF3	Answer to CF3	Form of CF4 (Same answer as basic form)	Item Numbers					
							CF1	CF2	CF3	CF4	SY	SU
10	1&5 or 1 applied twice	If p, then q p If q, then r : not r	No	If p, then q p If q, then r : r	Yes	If not p, then q If q, then r not p : not r	43	51	62	72	67	76
11	10	p, if and only if q not p : q	No	p, if and only if q if q not p : not q	Yes	p not p, if and only if : q	47	54	63	58	78	60
12	1&11	If p, then q p r only if q : r	Maybe	Same as basic form	Maybe	If not p, then q r only if q not p : r	48	53	71	68	65	75

Note: The symbol ':' is used to introduce the proposed statement.

* 'CF' stands for 'concrete familiar', 'SY' for 'symbolic', and 'SU' for 'suggestive'.
